MICRO FIBER  
Pigment & Disperse Printed

Diamond Export Industries proudly presents Microfiber Pigment and Disperse Printed Fabrics, crafted with advanced printing techniques and ultra-fine fibers.

**Pigment Printing:** Achieve bold, crisp patterns with vibrant, long-lasting colors.

**Disperse Printing:** Enjoy deep, rich hues that resist fading over time.

Ideal for bedding and home textiles, these fabrics deliver a perfect fusion of style, durability, and performance, ensuring your designs stay timeless and elegant.

SOFTNESS  
PERFECTED,  
DURABILITY  
DEFINED

## 65 to 110 GSM Microfiber Duvet Set

Offers the perfect blend of lightweight comfort and durability. Crafted from premium microfiber with a 65 to 110 grams per square meter (GSM) density, this set provides a soft, breathable feel while being resistant to wrinkles and fading. Easy to maintain and designed for everyday luxury, it's the ideal choice for a cozy and stylish bedroom upgrade.

# MICRO FIBER SEERSUCKER

Microfiber is a revolutionary textile material renowned for its exceptional softness, durability and versatility. Made from ultra-fine synthetic fibers, typically polyester or a polyester-nylon blend, microfiber boasts a luxurious texture that mimics the feel of natural materials while offering superior performance.

## 100% COTTON/ POLY COTTON

Our 100% cotton and poly cotton fabrics offer the perfect balance of natural comfort and enhanced durability. 100% cotton is prized for its softness, breathability, and hypoallergenic properties, making it ideal for bedding and apparel. Poly cotton, a blend of cotton and polyester, combines the natural feel of cotton with the strength and wrinkle resistance of polyester, ensuring longevity and easy maintenance. Both options cater to diverse needs, offering versatility and reliability for various applications.

Diamond Export Industries offers Cotton and Blend Yarn, a natural treasure cherished by the textile industry for its unparalleled softness, breathability, and versatility. Renowned for its timeless appeal, cotton is the go-to choice for clothing, bedding, and home décor. Its durability and comfort make it perfect for everyday use, while its adaptability to various weaves and finishes reflects a seamless blend of practicality and elegance.

# BRINGING CREATIVITY TO EVERY THREAD

Experience a new era of textile innovation with 100% cotton and poly cotton digital print fabrics, designed to deliver vibrant, high-resolution patterns directly onto premium materials. This cutting-edge technology allows for limitless creativity, producing intricate details and eco-friendly designs. Combining the softness and breathability of cotton with the durability of poly cotton, these fabrics are ideal for fashion, home décor, and bespoke projects. Elevate your designs with unmatched clarity, color vibrancy, and sustainable craftsmanship.

# BAMBOO COTTON

(50% Cotton, 50% Bamboo)

We offer Bamboo Cotton Blend Yarn Fabric, a premium and eco-friendly option that combines the silky softness of bamboo with the strength and durability of cotton. Known for its breathability, moisture-wicking properties, and natural antibacterial qualities, this blend is perfect for sensitive skin and supports sustainable, eco-conscious living.

# WHERE NATURE MEETS LUXURY

Ideal for bedding, it offers unparalleled comfort with a touch of nature's care.

# FLANNELETTE BRUSHED COTTON

Diamond Export Industries is your unique source for Flannelette Brushed Cotton, a cozy fabric renowned for its warmth and velvety softness. Made from high-quality cotton and expertly brushed to achieve a plush texture, it offers unmatched comfort, particularly in cooler climates. Perfect for bedding, sleepwear, and winter apparel, flannelette brushed cotton seamlessly blends durability with a luxurious feel, making it a timeless choice.

SOFTNESS THAT  
WARMS EVERY

# TUFTED COTTON

Offered by Diamond Export Industries, Tufted Cotton is a luxurious fabric featuring a textured, raised pattern that combines visual appeal with enhanced comfort. Known for its softness and durability, tufted cotton is commonly used in premium bedding, upholstery, and home textiles. The tufting process adds depth to the fabric, creating a unique tactile experience while preserving the breathable, natural qualities of cotton.

# GAUZE COTTON

Diamond Export Industries offers Baby Blankets & Duvet Sets in Gauze Fabric, made from soft, breathable cotton that ensures comfort for your little one. With a delicate, airy texture, these blankets are perfect for swaddling, naps, and stroller use, providing gentle warmth while being kind to sensitive skin.

## LIGHT, BREEZY & EFFORTLESSLY ELEGANT

Muslin Gauze is a lightweight, breathable fabric with a delicate, slightly sheer texture, offering a soft and airy feel available in multiple layers. Made from finely woven cotton, it is perfect for applications that require comfort and flow, such as lightweight scarves, duvet sets, comforter sets and blankets.

MUSLIN 2 LAYER

MUSLIN 3 LAYER
